

Mar 11 - Mar 16, 2020 06 Days	Assessment Tests Hydrogen bonding, van der waal forces, bonding in metals, Theories of bonding in metals, conductors, insulators, semi-conductors	
Mar 25 - Mar 30, 2020 06 Days	Assessment Tests Chemistry of s-Block elements Electronic configuration, characteristics, diagonal relationship, Hybrids of s block elements.	
Apr 01 - Apr 06, 2020 06 Days	Chemistry of s block elements Solvation and complexation tendencies , Role of alkali and alkaline earth metal in biology alkyl and aryl of alkali and alkaline earth metals	
Apr 08 - Apr 12, 2020 05 Days	Chemistry of noble gases Position of noble gases in periodic table, chemical properties Compounds of xenon, compound of other noble gases, clathrate compounds	
Apr 15 - Apr 20, 2020 05 Days	Chemistry of p-Block elements Boron family, carbon family, carbides.	
Apr 22 - Apr 27, 2020 06 Days	Fluorocarbons, nitrogen family. oxygen family, silicates	
Apr 28 - Apr 30, 2020 03 Days	Revision	
May 01, 2020	Semester Final Examinations
